CINAHL Complete, the definitive research tool for nursing and allied health professionals, provides fast and easy access to top nursing and allied health journals, evidence-based care sheets, quick lessons and continuing education modules. This database contains full text for many of the most used journals found in the CINAHL® index.

With CINAHL Complete, users can access a comprehensive scope of content covering over 50 nursing specialties as well as allied health subjects including speech and language pathology, nutrition, physical therapy and much more.

Additional Features:

- **Provides an easy-to-use interface** with basic and advanced search features and searchable cited references
- **Subject Headings** help users effectively search and retrieve information and follow the structure of the Medical Subject Headings (MeSH) used by the National Library of Medicine
- Provides full text for over 1,400 journals dating back to 1937
- Contains nearly 5 million records
- Offers indexing for more than 5,400 journals
- Includes searchable cited references for more than 1,500 journals
- Includes author affiliations
